As a result of new HIPPA regulations, (Federal Laws Relating to Patient Privacy) family members or friends will no longer be allowed in any treatment areas until after the patient has been placed in the exam room. They will need to remain in the exam room for the duration of the visit.

When your appointment requires a pelvic exam we request that no children be present in the exam room. Infants in child carriers will be the exception.

Children are welcome to remain in the waiting room as long as they are accompanied by a responsible adult.

These regulations are to protect the privacy of all patients. We ask for your cooperation in this matter.

Should you have any questions, please feel free to discuss this with any staff member.
